**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I want the choice of being able to select the competitive ISP of my choice.

I am firmly opposed to price hikes that will increase the cost of internet and phone use. The push from large Telco like AT&T to remove as many analog phone line customers is wrong. Do not allow them to keep raising prices on analog phone lines or to prevent new analog lines of service to the masses.

I currently have competitive phone service from a small progressive ISP called Sonic based in Santa Rosa, CA. They are the model of what the FCC should allow to thrive.

Do not allow the large Telco to drive the small ISP out of Fair competition.

Broadband internet is critical to my needs at home.

Thank you for listening.

David Wong
